There are 7 Days of the Contest Left

TIME FOR GATHERING VOTES GROWING SHORT

The offer that is made this week of triple votes from now until 10 p. m. Wednesday is positively the best that will be made.

Reflect a moment—stop and think—there are only eight more days before the contest ends. Note your standing and see if you are a thousand votes behind in your district. If so do not give up in despair but bird on your armor for those few thousand votes can be easily procured in a very short time if you go about the proposition in the right way. It is certainly the best chance that you will have during the remainder of the contest to catch up with any contestant who is now just ahead of you. On every subscription you turn in from now on until 10 o'clock Wednesday night you will get there just three times the regular schedule entitles you to. The regular schedule for a one year subscription gives you 5000 votes. This week it counts just three times as much, of 15,000 votes. A two years subscription, 37,500 votes; a five years subscription, 114,000. Just stop and think of it.

Three five years subscriptions would give you 342,000 votes this week, which would place your name at the head of the list with a reserve of 22,000 to vote on the last day of the contest. Just think of how many more votes the larger subscriptions count. Secure a few of them and turn them in while you can secure triple votes instead of single. Think of how much better it will be for you to turn in your subscriptions before 10 o'clock tomorrow night and secure triple votes on them than to hold them a few days too long and only get the regular votes on them. Remember, persistence wins. Be a little persistent when trying to secure the hard subscriptions, then you will get

them. Get out among your friends and make the results of your work count. In other words, make your time fairly hum to the tune of subscriptions and votes.

Make a noise like a live wire. Show your friends you are in real earnest. Show them you are a winner and they'll be with you.

LAST DAY TO POLL

Tomorrow, Wednesday, until 10 p. m., is the last day to poll votes that are to be published to your credit in the Dispatch Thursday, Friday and Saturday of this week. The standings of the contestants these three days will remain the same until after next Monday. If you want to raise your standing in the paper tomorrow is your last opportunity until Monday.

DON'T FORGET THIS

Do not forget that triple votes end Wednesday night at 10 o'clock and the regular vote schedule will be in force then until the close of the contest. No more special offers; no more special prizes; no more triple votes. The regular schedule will be in force without change. Thursday and the balance of the week. Bear this in mind. It is our final warning. Get in your subscriptions before 10 tomorrow night.

MEASURE WILL BECOME A LAW

Congress Will Pass Irrigation Appropriation Bill.

WORK ON WESTERN PROJECTS

To Be Proceeded With After the Measure Authorizing the Issuance of Certificates of Indebtedness to the Extent of Twenty Million Dollars Has Passed—Head of Reclamation Service Slated to Go.

Washington, June 21.—An issue of \$20,000,000 of certificates of indebtedness to enable the government to proceed with work on Western irrigation projects is now assured. The measure authorizing this issue of certificates will first come up for consideration in the house and later in the senate. By agreement among the leaders the irrigation certificate feature was taken out of the land withdrawal bill handled by Senator Nelson in the senate. The land withdrawal measure, which passed the senate, will come up in the house soon. Representative Mondell of Wyoming, who is in charge of the measure, said it would be passed without any difficulty. The bill authorizing the issue of irrigation certificates will be called up immediately thereafter.

Plans are already being formulated under which new work is to be mapped out by authority of the bill providing for certificates of indebtedness. While there is no official authority for the statement, it is the understanding that the reclamation service contemplates doing some work in the Milk River valley in the near future. When Louis Hill was here early in the session the proposed Milk river project was one of the questions he discussed with the president. At the time assurances were given that with additional appropriations, or an issue of certificates, such as was proposed, the government would be in a position to push irrigation work in Montana.

Will Fall by the Wayside.

The indications are that the bill "increasing the efficiency of the engineer corps of the army," which contains a provision empowering the president to detail army engineers for duty in connection with irrigation projects, will fall by the wayside. It is the general understanding that if this bill is passed an army officer will be placed at the head of the reclamation service, and others assigned from time to time, as engineers in charge of particular projects. Whether this bill is passed or not it is evidently the purpose of the administration to displace Frederick H. Newell from his position at the head of the reclamation service. While Senator Warren of Wyoming made the statement in the senate that the pending measure would

not affect Mr. Newell's tenure one way or the other, it is said that if the bill is passed the administration will put an army officer in Mr. Newell's place without making any excuses.

Senator Bailey, who looks with disfavor on the engineer corps because it failed to endorse a Texas harbor project in which he is interested, is opposing the bill. He announced that it was his purpose to filibuster against it until the end of the session. Many Western senators are fighting the bill. If the leaders find that Senator Bailey is in earnest they will insist that the bill shall be laid aside until the December session.

MANY DELEGATES PRESENT

Labor Union Men Held Convention at Fargo, N. D.

Fargo, N. D., June 21.—Two hundred and forty-one accredited delegates representing the labor unions all over Minnesota were called to order by President Charles A. Fraser of the Fargo Trades and Labor union.

After the invocation by Rev. Charles R. Adams of the First Presbyterian church, Mayor V. R. Lovell welcomed the convention on behalf of the city in a short address. He was followed by W. C. Gilbert, commissioner of agriculture and labor for North Dakota, who welcomed the convention to the state as representing the labor interests and organizations. President Hawley closed the morning session with a brief response to the cordial welcome, and announced the committee.

The afternoon session was given over to the reports of the officers, most of which were very long. These were given by President Hawley, Secretary McEwen, Executive Councilman E. G. Hall and Delegate C. E. James. In the evening the Commercial club of Fargo tendered the visiting labor delegates an automobile ride about the city and to adjacent points of interest.

The evening session was presided over by Charles A. Fraser, president of the local federation of unions.

William P. Murray Dead.

St. Paul, June 21.—William Pitt Murray, pioneer resident of St. Paul, former state senator, and the oldest living graduate of the University of Indiana, died at his home here from appendicitis. Had he lived until midnight Mr. Murray would have been eighty-five years old. He was an attorney. Mr. Murray is survived by a widow, Mrs. Carrie C. Murray, eighty-one years old, and three children.

Little Girl Accidentally Shot.

Belle Fourche, S. D., June 21.—Ten-year-old Stella Schnoover, daughter of Henry Schnoover, will be laid up some time as the result of being accidentally shot by her seven-year-old brother. The bullet penetrated the hip of the girl, passing out through the abdomen. It is expected she will recover.

Puzzled Her.

"Yes, George," said Mrs. Gohlighly argumentatively, "but if, as you say, it's so difficult to get food to the men in lighthouses in the winter, why do they build them in such out of the way, dangerous places?"—London Telegraph.

T. ROOSEVELT, JR.

Married to Miss Eleanor B. Alexander in New York.

TO ELEANOR B. ALEXANDER

Theodore Roosevelt, Jr., Married in New York.

New York, June 21.—Theodore Roosevelt, Jr., was married to Miss Eleanor Butler Alexander in the Fifth Avenue Presbyterian church before probably the greatest social gathering of the season. Colonel Roosevelt, just back from his trip abroad, was present.

Invitations were sent to about 1,500 persons and the church was crowded. For the reception at the home of Mrs. Charles B. Alexander, an aunt of the bride, between 800 and 900 invitations were issued.

The ceremony was performed by Rev. Dr. Henry M. Saunders, a great uncle of the bride, assisted by Rev. Gordon Russell, Cranford, N. J. Miss Alexander was attended by Mrs. Snowden Andrews Fahnestock as matron of honor, Miss Ethel Roosevelt, Miss Harriet Alexander, Miss Janet Delano, and Miss Jessie Millington-Drake of Paris.

Kermit Roosevelt acted as best man, owing to the death of the father of Evelyn Irving, the first choice. The ushers were Hamilton Fish, Jr., an old friend of the bridegroom; Francis Roche, Fulton Cutting, George Roosevelt, Monroe Robinson, Grafton Chapman, E. Morgan Gilbert, Elliot Cutler and John W. Cutler.

COMMITTEE MAY MEET IN CHICAGO

Will Announce Findings in Ballinger Case.

Washington, June 21.—The Ballinger-Pinchot investigation committee expects to report early in September.

Senator Knute Nelson, chairman of the committee, has called the committee into session next Saturday to determine on a place of meeting late in August or early in September, when the several reports of the committee can be considered and action taken on them. It is believed the committee will decide on Chicago as the most centrally located meeting place, and the findings of the committee will be given out there. It is generally understood here there will be three reports, one by the Republican majority of the committee, one by Representative Madison, a progressive Republican, and a third by the Democrats.

Members of the committee say it is impossible to indicate at this time the details of any report to be made because they have not had time to read and digest the briefs submitted in the case. But the general trend of questions directed at witnesses during the hearings can be relied on to indicate the three reports.

The line of the Democratic report will follow closely, it is believed, that of Representative Madison, although the reports may differ somewhat in detail, neither the Republican nor Democratic members of the committee expect Secretary Ballinger to get a clean bill of health from Mr. Madison. How severe Mr. Madison is to be, however, no one has an intimation.

FATAL QUARREL OVER RENT

Two Men Wounded, One of Them Mortally.

Aberdeen, S. D., June 21.—In a quarrel over rent Nick Dicosol shot Charles Boslev, a butcher, in the right breast, and E. M. Birdsey, a meat cutter in the butcher shop, shot Joe Dicosol, a baker, brother to Nick, behind the right ear. Joe Dicosol may die.

Nick Dicosol, after the shooting, fled, but Birdsey jumped on a horse and captured him, turning him over to the police.

Nick Dicosol started the quarrel which led to the shooting.

Killed by Lightning.

Windthorst, Sask., June 21.—John Fee, who lives in the Graystone district, was instantly killed by a thunderbolt while breaking prairie ground. Several grain fields were destroyed by the same storm.

ROOSEVELT IS NOW AT WORK

Takes Up His Duties as Editor in New York.

AFTER BUT ONE DAY OF REST

Former President Goes to His Office and Plunges into the Mass of Correspondence That Has Been Accumulating for Him—Crowd Follows Him When He Goes to Buy a Straw Hat.

New York, June 21.—Theodore Roosevelt has begun the life he has chosen for himself as a private citizen. He has his own ideas of what the country shall do with its ex-presidents, and after a single day of rest at Sagamore Hill, took up his work as a contributing editor of the Outlook. Not even the fact that his son was to be married in the afternoon detained him from his desk.

The dispatch boat Dolphin, in which Mr. Roosevelt left Oyster bay with Secretary of the Navy Meyer as his host, brought him into New York. He went directly to his office and immediately plunged into the mountain of correspondence that has been accumulating for him. Two hours later he appeared on the street, and was immediately recognized by the crowds. Before he had walked half a block westward toward Fifth avenue, he was followed by a throng that blocked the sidewalk.

The sun was beating with an intensity that made a top hat unendurable. The colonel plunged for a hatter's at a speed that made the crowd behind him run to keep up. As he passed the offices of the publishing house which will bring out his forthcoming book on his hunting trip, he spied a portrait of himself, framed in red, white and blue. "That's dandy, isn't it?" was his comment. A hatter was close by. It took the colonel just two minutes to buy a wide brimmed straw hat with a black band. Then he footed it at the same amazing speed to his office again.

Editor Roosevelt's business headquarters hereafter will be on the seventh floor of the United Charities building at Fourth avenue and Twenty-second street, where a suite of three rooms has been especially engaged for him.

Roosevelt's Office.

On the entrance door appears the legend in gilt letters: "Office of Theodore Roosevelt." The rooms themselves, although businesslike in appearance, are furnished with a magnificence unusual for an office building. The suite comprises a room for Mr. Roosevelt's secretary, a room in which visitors will wait, and Mr. Roosevelt's own room, large and airy, fronting on Fourth avenue. The walls are newly covered with bronze burlap. The furniture is of mahogany, the desk is a reproduction of George Washington's desk at Mount Vernon. A rich rug of tan, green and dull pink covers the polished parquet of the floor. Pictures of Washington, Lincoln and a copy of the Declaration of Independence, written large in old English characters, hang on the bronze burlap.

If it should prove that visitors are too insistent there is an auxiliary exit by which Editor Roosevelt may escape through a hidden hall to the street.

After his morning at work in his new offices Mr. Roosevelt went for luncheon to the home of his cousin, Frank B. Roosevelt. Then he took an auto for his son's wedding.

From the church the Roosevelt party rode to the wedding reception at the home of Mrs. Charles B. Alexander, the bride's aunt.

At night Mr. Roosevelt and his family went to Oyster Bay and drove at once to Sagamore Hill. In the party were Mrs. Roosevelt, Ethel, Kermit, Archibald and Quentin Roosevelt, and Miss Isabel S. Hagner. Mrs. Roosevelt's social secretary.

BIG FOREST TO BE DIVIDED

Black Hills National Forest Will Be Cut Into Two Parts.

Deadwood, S. D., June 21.—On July 1 the Black Hills national forest, the largest forest reserve in the country, will be divided into two units, the new forest consisting of the southern portion of the present one. Word to this effect has been received from Washington by Supervisor Kelleter.

The nature of the work on hand has become such that the forest was unworkable and it was found the only practical way was to divide. Accordingly a new forest is to be established by drawing a line east and west through the present forest, just south of Redfern in Pennington county, making the two almost equal in size. The southern forest will have headquarters at Custer with R. P. Imes, formerly with the local headquarters, and now in the district forester's office at Ogden, Utah, as the new supervisor. The headquarters for the northern forest will remain in Deadwood under Supervisor Kelleter.

Teacher and Pupil Drowned.

Cuba, Wis., June 21.—Arthur Lyon, aged ten years, and Dalton Conlon, aged twenty-one years, were drowned at Buncombe while the man was trying to teach the boy how to swim.

COMING WEST IN THE FALL

Roosevelt Will Revisit the Black Hills and Medora, N. D.

Deadwood, S. D., June 21.—Former President Roosevelt expects to visit the Black Hills when on his Western tour next fall. He has also expressed a desire to revisit Medora, N. D., the scene of his ranch life in the eighties. He plans to come here in September from Cheyenne, Wyo., where he will attend the frontier days meeting. Then he and Captain Bullock will go horseback overland to Medora. He will then go east to Minneapolis and St. Paul.

REVOLT PLANNED BY YOUNG MEXICANS

Discovery of Firearms Leads to Raids and Arrests.

Cananea, Mexico, June 21.—The premature discovery of smuggled arms and ammunition, followed by the arrest of leaders of the discontented faction and the proclamation of martial law in Cananea and other border towns, probably has checked a serious outbreak against the Mexican government, scheduled to take place on election day, June 26.

The revolutionary movement originated among the young element of Northern Mexico, followers of General Bernardo Reyes, now in Europe, and of Senator Madero, candidate for president, now under arrest in Monterey on the charge of causing crowds to form.

The discontented faction demands political liberty, free speech and the "right to vote." They announce that they will go to the polls on election day prepared to fight if denied their constitutional rights.

The discovery that arms were being smuggled across the border from the United States was followed by police raids in many villages of Northern Sonora. Four men were arrested at Villa Verde and a number of rifles and revolvers and 4,000 rounds of ammunition were captured. At Chivech with ammunition were captured, and at Buena Vista one house yielded twelve rifles with ammunition. Dealers at Bisbee, Douglas and Naco, Ariz., have sold all the rifles and ammunition in stock. The police are now conducting a house to house search for arms in all the border towns.

REPUBLICANS OF MINNESOTA

Meet in St. Paul to Name a State Ticket.

St. Paul, June 21.—The Minnesota Republican state convention, which meet at the St. Paul Auditorium at 11 o'clock this morning promises to be one of the liveliest in years. It will not be one of the ordinary cut and dried affairs where every delegate knows before he goes into the convention who is going to be nominated and what the resolutions will say. The slatemakers, the old time Republican war horses, are busy trying to harmonize all the elements, compromise on resolutions and pick the candidates, but they found so many elements of insurgency and so many delegates tied up to each candidate that trades and slatemaking are almost impossible.

Ontario Sawmill Burns.

Winipeg, June 21.—Bush fires in the Rainy river district at Antikokan, Ont., destroyed the large sawmill and stock of the J. D. McArthur Lumber company. Loss, \$100,000.

NOT WORRIED ABOUT THE CROPS

WOULD AMEND PRIMARY LAW

Governor Hughes Sends Special Message to the Legislature.

Albany, N. Y., June 21.—Governor Hughes sent a special message to the legislature recommending the enactment of a law providing for a suitable system of direct nomination of candidates for public office and that the resolution providing for an investigation of alleged legislative corruption be amplified.

In submitting the matter of primary reform the governor includes whatever further measures may be found advisable to safeguard both primary and general elections.

The message lays particular stress on the governor's belief that the resolution for an inquiry by the legislature, is inadequate and unsatisfying, and says it is important to the public interest that the authority of the investigating committee be enlarged.

The message goes on to say that the resolution adopted provides that the committee is to proceed upon a "specified charge, verified upon knowledge of corrupt practices," and points out that "there is danger that its general words may be limited by the specific language above mentioned with respect to corrupt practices. In such a matter there should be no ambiguity."

FROM BROWNE'S HOME TOWN

Character Witnesses Testify for the Defense.

Chicago, June 21.—Fighting each step of the way and taxing their ingenuity in their endeavors to discredit Representative Charles A. White and exalt Lee O'Neill Browne in the eyes of the jury, lawyers for the defense placed nearly thirty character witnesses on the stand here in the trial of the legislative minority leader charged with buying votes for the election of Senator Lorimer.

The strain and heat of the day in Judge McCurdy's courtroom told on counsel for both sides. Clashes were frequent and three times during the afternoon session spectators were brought to their feet by dramatic incidents in which judges, lawyers and witnesses acted a part.

A majority of the character witnesses for the defense were from Ottawa, Ill., Browne's home town.

But Railroad Officials Admit Rain Is Needed.

CERTAIN SPOTS AFFECTED

Situation in General in the Northwest Not Very Alarming—Conditions in Southern Minnesota Declared to Be Normal—Northern Part of the State Badly in Need of Copious Rains.

St. Paul, June 21.—From the reports which the railroad officials with headquarters in St. Paul have received they are not in the least pessimistic with regard to the crop situation in general. The officials say that the drought generally has not had a bad effect, but that only certain spots have been affected. But they point out that conditions are always discouraging in certain sections of the Northwest every year; that what may prove a disadvantage in some places is a benefit in others. Officials advise patience, that this week will decide what the outcome will be.

"It is all a matter of sentiment, how people feel with regard to the crops," said a traffic official. "It may be dry and the farmers are pessimistic; tomorrow it rains and they are optimistic. So far I do not see that there is anything to worry anybody."

Railroad officials, from the reports which they receive, say that a general rain would have a beneficial effect. There is not a section in the Northwest that would not be benefited by a thorough drenching, but that the crop is drying up throughout the Northwest they are far from believing.

"As far as Southern Minnesota and other territory traversed by the Omaha is concerned, conditions are normal," said H. M. Pearce, freight traffic manager of the Chicago, St. Paul, Minneapolis and Omaha.

It was pointed out by Mr. Pearce that the southwest part of the state served by the Omaha is lowland. In previous years there has been too much rain for the best growth, and while some of the farmers are apprehensive, the dry spell has proved beneficial for the coming grain.

Needs Copious Rains.

Although Southern Minnesota fares well with dry weather, South Dakota needs plenty of moisture, so that some copious showers at this time would have salutary effect. In Nebraska, at points tributary to the Omaha road, there was a nice rainfall on Saturday, so that conditions in that section could not be better.

Information received by Northern Pacific officials indicated that adequate rain has fallen in the western part of North Dakota, so that the crop prospects in that region do not cause any special worry.

Where the most concern is felt is in Northern Minnesota. Some of the railroad officials feel that the conditions in the Red River valley are not encouraging, while others are inclined to believe that the situation is all that could be desired. It is pointed out that the Red River valley generally for years has not yielded a bumper crop because of excessive moisture; this season it has not been dry, and the crops would be excellent.

"Minnesota is suffering the most, according to the reports we receive," said J. B. Baird, general freight agent of the Northern Pacific. "It is only in spots, however, that they are suffering from the lack of rain. But all sections would be benefited by rains."

While the crop generally may suffer from the drought, the dairy industry in the Northwest is likely to suffer the most from the continued dry spell. In the southern part of Minnesota it is reported that the hay crop and the pastures have suffered considerably. This means that the cows have not been able to fatten up, resulting in decreased output of butter and cheese.

TWO OFFICERS WOUNDED

Mining Specialists Shot by Roysterers Near Ely, Minn.

Duluth, June 21.—Two police officers of the Oliver Mining company, James Martin and John Linklater of Ely, while on duty were shot and seriously wounded.

A noisy time was in progress at the Zenith location, and the officers went from the mine to investigate. Just as they arrived at the scene of the rum-pus two men and a woman came out of a house and proceeded to get into a buggy. The officers spoke to them and told them they must be quieter, but the reply they received was a string of oaths, and as they drove away one of the occupants leaped out of the buggy and fired two shots, one bullet striking Officer Linklater, who happened to have his club up before his face. The shot struck the club splintering it in pieces and also smashing two fingers. The position of the club saved him from receiving it in the head. Officer Martin did not come off so lucky, the shot striking his leg near the thigh. The injury will disable him for a long time.

One of the party is under arrest, but the one who did the shooting is still at large. A reward of \$500 is offered.

WEEKLY

TUESDAY, JUNE 21, 1910.

Immediately following the republi-
can state convention in St. Paul the
political pot will commence to boil
in earnest, both in state, district and
local matters.

The grasshopper plague has at-
tacked the clover crop in Clay coun-
ty and the damage is reported to be
serious. The dry weather in this
section will seriously affect the hay
crop both wild and tame.

The Todd County Argus thinks
there is a good deal of newspaper
sympathy wasted over a lot of set-
tlers in the northern part of the
state. They deserve all the sym-
pathy they get and that does not seem
to relieve the situation.

Some fellow who has been think-
ing seriously of the follies of men has
figured out that at the rate of a bot-
tle every tenth of a second New York
champagne drinkers open 86,400
bottles every day and at \$4 per bottle
the sum would equal the expense of
the entire automobile bills in the
state.

A district convention of postmas-
ters is to be held in Brainerd in July
and it is expected that in the neigh-
borhood of a 100 stamp sellers of the
third and fourth class will visit the
city on that occasion. Every public
gathering of this kind we entertain
helps spread the news that we have
one of the best towns in the north-
west and are among the live ones.
The more conventions we can get the
better.

Don't forget that Brainerd is to
entertain the December meeting of
the Northern Minnesota Develop-
ment Association and that that
meeting is expected to bring the
largest and most distinguished party
of people to this city that has ever
graced her borders. Brainerd will be
in good condition to entertain the
visitors and the benefit derived will
amply repay for the trouble and ex-
pense.

REPUBLICAN STATE CONVENTION

Special to The Dispatch:—

St. Paul, Minn., June 21, 1910—

The Republican state convention was
called to order in St. Paul this morn-
ing by Chairman Brown. Mayor
Keller, of St. Paul, was made tempo-
rary chairman and he delivered a
ringing address sounding the keynote
for the party in Minnesota. Com-
mittees were then appointed, Frank
M. Eddy being chairman of the resolu-
tions committee. An adjournment
was then taken to 2 o'clock. The
convention will make no nominations
for state offices until late this after-
noon. At a conference of the execu-
tive committee it was decided that
the report of the committee on resolu-
tions should be framed and adopted
before any nominations are made.
This is a radical change from the
procedure of past years, when nom-
inations have been made and ballot-
ing started immediately following the
appointment of the resolutions com-
mittee. State makers failed utterly
in an effort to cut and dry things,
and in places where contests exist
everything is up in the air.

COUNCIL FAVORS A BIG SEWER

Business Men and Council in Favor
of Big Sewer in Business
District

ABBOTT ELECTED ON BOARD

Saloon Licenses Granted—Street Im-
provements Projected—Next
Meeting July 5th

The council met in regular session last night, Aldermen Paine, Zakariasen, Kjellquist, Cardie, Dieckhaus and President Twohey being present. Aldermen Robertson, Drexler, Henning and Gardner were absent.

On motion the reading of the minutes of the last regular meeting was dispensed with.

The clerk read the communication of W. A. Fleming dated May 21st in which he referred to extending the paving on North Seventh street from Juniper to Bluff. The street committee, Aldermen Paine, Zakariasen and Dieckhaus reported that the street work as laid out at the present time would take the larger part of the summer to complete, and recommended that no action be taken on Mr. Fleming's suggestion. The council accepted the report.

The street committee recommended favorably the bill of Kalusha and Hartell which on motion was allowed. The Fisher-Vaughn bill was scaled by the same committee to \$96.39 which recommendation was accepted by the council and the bill allowed.

The bill of the Northern Pacific railway of \$2,043.50 for current furnished the city for the month of May caused considerable discussion but was eventually allowed. This is 40,870 kilowatts at 5 cents per kilowatt.

The appointment of Charles H. Bahme as special policeman for the cemetery was confirmed.

Alderman Drexler came in.

Alderman Cardie started a discussion relative to the old deserted shack standing near Sycamore and south Sixth streets which had been on fire several times. He thought it would be cheaper to tear down the building than pay out any more fire department bills. This brought up the question whether the city could remove old shacks like this. No action was taken in the matter.

For third member of the board of equalization Alderman Zakariasen nominated R. R. Wise and Alderman Paine nominated George Abbott.

Alderman Robertson came in closely followed by Alderman Gardner. The whole council was now present with the exception of Alderman Henning who is attending the machinists meetings in St. Paul.

The first ballot for the member of the board of equalization resulted in

4 for Wise and 5 for Abbott. The second ballot gave Wise 3 and Abbott 6. So president Twohey declared George Abbott duly elected.

The liquor license application of Henry Grossman, 712 Front street, was recommended by the committee and the council voted favorably with the exception of Alderman Kjellquist.

The liquor license application of John Coates Liquor Co., 702 Laurel street, was recommended by the committee and the council voted favorably with the exception of Alderman Kjellquist.

A petition dated June 11th recommending the curbing and macadamizing of Third Ave., N. E., between Kindred street and Ash street was read. The petitioners numbered the following, being virtually all the property owners on the avenue affected by the improvement: A. E. Whitney, W. A. Hanna, Mrs. George O. Whitney, Mrs. E. E. Titus, Rudolph Kaatz, Edward Crust, A. J. Forsythe, Thos. Esmay, A. P. Apgar, P. W. Titus, Richard Ilse, C. H. Ritter, J. H. Strickler, J. B. Lawrence, Mrs. Mary Maloney, Chris Elvig, John Olson, George W. Hall, Charles E. Swanson, E. F. Evenson, John Wolter, John Kobel, J. J. Cummins, C. A. Wood and J. L. McDonald. "These are six blocks, all good property and all built up," said President Twohey. On motion the petition was referred to the street committee to report at the next meeting.

A communication was read from George D. LaBar and J. W. Koop referring to the placing of curbing on North Juniper street. The average width between curbing on the street is 30 feet. They recommended that it be increased to 35 or 40 feet and cited the instance of J. K. Pearce who has set his curbing at 40 feet width. The matter was referred to the street committee.

A. D. Polk addressed the council and stated that the business men of the city to the number of 25 or 30 had met in the afternoon and taken up the question of providing an adequate sewerage system for the business district. "The system we have at present," said he, "is entirely insufficient to carry a heavy rainfall or freshet." New buildings are being erected whose roofage water goes in to the sewer. The sewers should be remedied now before a heavy storm damaged foundations, drowned out basements, ruined paving and caused a lot of other damage expensive alike to the merchants and the people in general. A good permanent sewer should be provided draining the business section and running down Laurel street to the ravine. An experienced engineer should be engaged to give the city and council expert advice. He urged the council to take some action in the matter.

R. R. Wise, the next speaker, spoke on the same lines and urged the council to consider the views expressed by the meeting of business men and take

POSTMASTERS CONVENTION

District Convention of Third and
Fourth Class Postmasters Will
Meet in Brainerd July 30

POSTAL SERVICE IMPROVEMENT

Counties of Wadena, Hubbard, Aitkin
and Crow Wing are Comprised
in the District

A district convention of third and fourth class postmasters will be held in this city on Saturday, July 30th, comprising the counties of Hubbard, Wadena, Aitkin and Crow Wing. There are something like 120 postmasters in the district named and it is expected that a good representation will be in attendance. Congressman Lindbergh will deliver an address, and it is expected that the department will send a representative to take part in the deliberations. Other local men will also be heard. A program is being arranged by W. S. Bartholomew, of Avon, president of the association, which will cover many subjects of interest and papers will be read by postmasters from different parts of the district. The principal object of the meeting is for the improvement of the postal service generally, and as politics are tabooed from the meetings the department lends its assistance and approval and encourages these district meetings. Brainerd will extend the glad hand on the occasion of the visit and everything will be done to make the occasion a pleasant one for the visitors. The full program will be announced later.

Dry Weather Causes Individuals to
Break Into Minneapolis Brew-

The dry weather so influenced some thirsty hoboes that they broke into the offices of the Minneapolis Brewing Co. last night. They went through the west window, bent the rods and mashed the casing.

The safe and the furniture were undisturbed, but desperate efforts were made to get at the beer. They assailed the beer warehouse but were unable to gain access and went away probably thirstier than when they arrived.

R. J. TINKLEPAUGH "Upstairs"

First National Bank

Did you ever stop to realize that more city property has been sold in the last year than for the last ten years in Brainerd.

You may know what that means if you are a renter. You know too that if you buy a "home" reasonable that you have that satisfaction of not having to "move out" on thirty days notice as "house sold." And then again, one can make improvements from time to time and not notice the expense—only when you find a buyer—getting more than your rent free too.

Let me speak a word to the man that has a home and a little money that we have received our share of sales in city property and have no client that could not make money by selling now—we have the facts.

A home for some one situated on North side, an eight room house, bath, city water, cement basement, in fact everything to make it an ideal home. Barn. Right on the best street—Price \$2500.

Small house on south Sixth street, two lots, has been newly painted and papered throughout. Almost new condition.—Price \$650.

One of the finest little six room cottages on North side is placed in our hands for short time. Modern except heat, and in good location with East frontage—Price \$2500.

A very neat six room house on south Sixth street, two lots with trees, nice lawn, etc., and in very fine condition throughout.—Price Cash \$700.

A corner of two lots and about a seven room house, barn, east frontage, good condition—Price \$1100.

Small house in good condition on south Fifth street, offered for short time only—Price \$550.

A nice little place on south Fifth street with plenty of room too. A bargain at \$650.

Here is a genuine "Bargain" an eight room house Northside, one and one half lots and in good condition inside; is worth \$1500, but owner living in California says sell, and am offering it for only about half what it is worth—Price \$800.

I have a nice little place on East Norwood street and in good condition at only \$650.

Brick-veneer house of about six rooms and good lots, well worth three hundred more. We can offer this for a short time at only \$600.

It will pay you to look this up.

Two small cottages in Northeast Brainerd, is now renting for \$14.00 per month. Why not buy and rent one and have the use of the other for nothing. Come up and let me show you these and at the price is "cheap" Price \$1000.

We still have the eight room house on Northside, "close-in" three lots, east frontage, trees, etc. An ideal home for someone. Price \$3000.

Come up and let me show you this as these kind are scarce

A very neat little cottage on north Fifth street, in good location and at only—Price \$1000.

House in good condition on south Sixth street, with east frontage, at only—Price \$1000.

House, barn, sheds, in good location in Northeast Brainerd, on corner with two lots, well worth looking up at the price.—Price \$1000.

Small house on Pine street South-east at only \$550.

If you have a house you wished sold or land either farm or mineral, come up and let us talk it over.

Outing Suits

Very few men have use for vests these days. We find the most attractive suits in our store, just now, are those composed of coat and trousers.

The fabrics are Serges, Crashes, thin fancy Cheviots in light and dark shades and Homespun.

They make the coolest clothes that a man can wear and look well.

You don't realize how warm a vest is until you have gone without one. That's why our

Two Piece Suits are so popular.

We are offering **Special Prices Now.**

You will be surprised at the prices we quote on excellent garments.

Summer Haberdashery

Negligee Shirts, Summer Ties, Outing Belts, Lightweight Underwear, Summer Hosiery, Straw and Panama Hats in every correct shape, Shoes and Oxfords of fashions newest lasts and models.

We can surely hit your fancy in outing wearables and your satisfaction will be our best reward.

Cool Kitchen—Perfect Cooking

The housewife with years of experience—the woman who knows how to cook—finds, after practical tests and hard trials, the New Perfection Oil Cook-Stove is her idea of what a good cook-stove really ought to be.

She finds it requires less attention, costs less to operate, and cooks all food better than any other stove she has ever tried.

She finds the New Perfection oven bakes and roasts perfectly. The

New Perfection

WICK BLUE FLAME

Oil Cook-stove

has a Cabinet Top with a shelf for keeping plates and food hot. There are drop shelves for coffee pot or saucepans, and nicked towel racks. It has long turquoise-blue enamel chimneys. The nickel finish, with the bright blue of the chimneys, makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

CAUTIONARY NOTE: Be sure you get this stove—see that the name-plate reads "NEW PERFECTION." Every dealer everywhere; if not at yours, write for Descriptive Circular to the nearest agency of the

COUNCIL FAVORS

A BIG SEWER

(Continued from page three)

the matter into immediate consideration.

Carl Zappfe was the last speaker who advised the council to provide a sewer system large enough to take care of the future growth of our business section.

President Twohey said surveys had been made for such an improvement but not on as large a scale as suggested. He said, in behalf of the council that they would be glad to cooperate with the business men in any matters pertaining to the improvement of the city.

On motion the matter was referred to the sewer committee to report at the next meeting. As the first meeting in July falls on the glorious Fourth, the council decided to meet Tuesday, July 5th. All members voted aye on both propositions.

A communication was read from the Brainerd Tribune requesting a nominal appropriation from the city to advertise the city's interests in its special edition. The matter was referred to the purchasing committee whose action is subject to the approval of the city.

Notice to Contestants

All subscriptions from the in town contestants must be in The Dispatch Office by 10 p. m. tomorrow to receive Triple Votes.

All subscriptions from out of town contestants must be post marked to show they were mailed at or before 10 p. m. tomorrow to receive Triple Votes.

Be Fair to Your Property

GIVE it every possible chance to last long and to look its best. If you build well—paint well.

If it is important to carefully select the building materials for your house—it is just as important to use all care in getting the paint that will protect those materials.

Red Seal

Pure White Lead ("Dutch Boy Painter" trade-mark) is the standard house paint. Pure white lead earned that term, "standard," because it proved itself the greatest known protector of wood against weather, and because as an ornamental paint it proved to give the smoothest finish.

That is why good painters like to use it. The painter mixes it with pure linseed oil at the time of painting and makes any color, shade or tint you want. The house that is "white-leaded" is the house that's painted right.

Triple Vote Offer Extended

One Week, Until June 22nd, 10:30 p. m.
On New Subscriptions Only

At the request of many of the candidates in the Dispatch's Mammoth Prize Contest it has been decided by the management to continue the triple vote offer for another week, during which time the contestants will be enabled to get all the subscriptions for which they now have promises. This offer ends positively Wednesday night, 10:30 p. m., June 22nd.

Last week it was announced that no better offer would be made. Now it is announced that there will be none as good. All new subscriptions coming through the postoffice postmarked as being mailed before 10 p. m. Wednesday, June 22nd, will be entitled to triple votes.

The Triple vote offer closes 10:30 p. m. Wednesday, June 22nd. The Offer positively closes and less votes will be issued after that time.
